OFFICE ADMINISTRATION (AEC)

What is RAC?

The “Recognition of Acquired Competencies” (RAC) is a process that allows adults to be evaluated and to obtain official recognition for competencies (skills and knowledge) acquired on the job or through real-life experience.

What are the advantages of RAC?

- Helps you get evaluated for skills you already know
- Provides official recognition of your competencies
- Improves your employability and career outlook
- Is flexible to suit your schedule and your lifestyle.

Which diploma do I get?

Upon successful completion of the RAC Office Administration process, you will be awarded an AEC in Office Administration (Attestation of Collegial Studies) recognized by the Minister of Higher Education. This is a technical administration certification.

N.B. Also available is the DEC (Diploma of College Studies) in Office Management. Speak to the program advisor or your employer’s Human Resources department to know which certification is best for your needs. The DEC is a more complex process.

Is an AEC in Office Administration for me?

- This is for administrative assistants, executive assistants, receptionists, office coordinators, and office clerks who have been working in the field for several years.
- This is for people who are already working in an office environment and wish to get a certification for their competencies and for their knowledge.

How long does it take?

The duration is approximately 6-9 months depending on if the individual is currently working or not, to complete the *program specific* competencies.

*If you have already taken college courses or have a higher education degree, an in-depth file analysis will be done to grant substitutions and/or equivalencies where needed.

How much does it cost?

*Up to a maximum of \$500

- All applicants must pay the \$30 application fee and \$45 file analysis fee before moving forward to the next step: the Validation Interview. This \$75 is non-refundable and must be paid online with a credit card.
- Applicants who have previously attended Champlain College, will not be charged the \$30 application fee.

What are the admission requirements?

- Candidates must be 20 years of age or older and have been absent from full-time CEGEP studies for at least one year prior to admission to the program.
- Candidates must have a High School Degree or experience and training deemed sufficient by the College Administration.
- Potential candidates must have a good written and spoken level of French to be admitted.
-

What are the competencies?

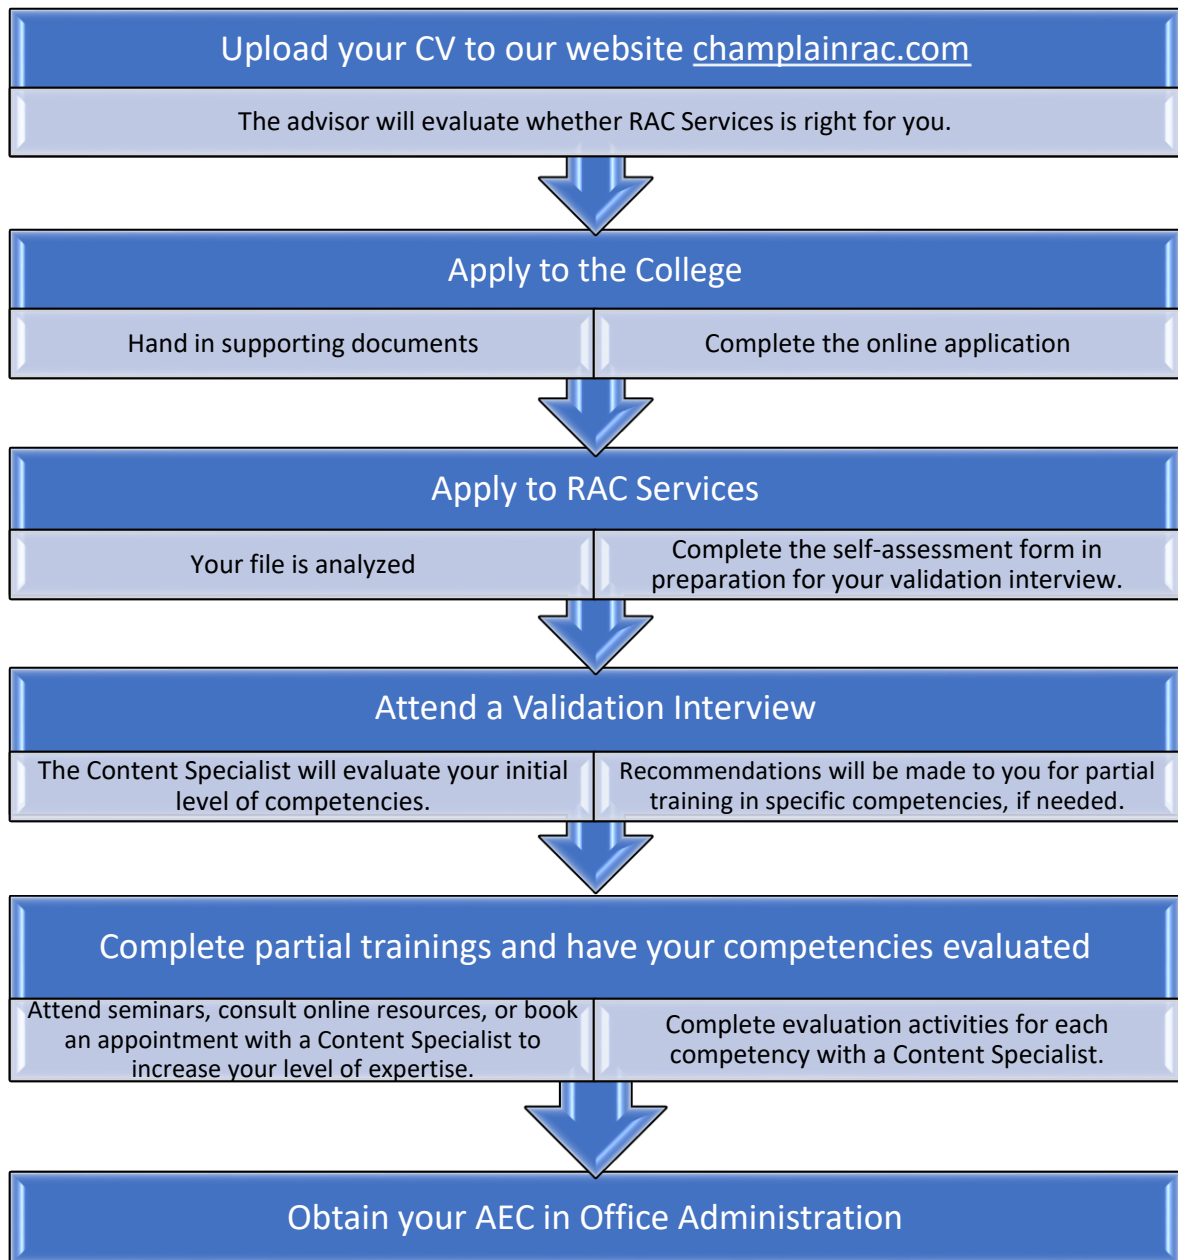

- The Office Administration program consists of 14 competencies.
- The competencies have been grouped into clusters to create an efficient evaluation process where candidates can demonstrate more than one competency at a time. There are 5 clusters and 2 independent competencies. Candidates will need to demonstrate that they are knowledgeable in the following areas.
